Title:	Treasurer Report
Author :	João Grenho, AEMH treasurer
Purpose :	Information

It is a pleasure in my first year of office to present a balance sheet, which shows a surplus of Eur. 11.631,92 with Eur. 3.649,00 expected to receive.

On the income side, we have collected Eur. 75.281,40 (94,51 % of the budgeted amount), and I would like to thank all the national member organizations for paying their contributions thus making the situation of the AEMH very stable as usual.

My special appreciation goes to the Portuguese Medical Order for hosting the last year's annual meeting. On the expenses side, Secretary-General and the Board has managed to keep the running costs well within the budget.

The last year plenary meeting in Lisbon was more expensive despite the generous hospitality of our hosts but did not influence our final result to a higher extent, because we have not spent the whole amount budgeted for some other positions.

AEMH is well represented at all necessary European events by our members. Travel and office costs have never surpassed the budgeted values.

The well-established practice of common secretariat shared with FEMS continues both professionally and financially.

Today AEMH has a significant amount of money placed on the saving account, not blocked in any long-term contract with the bank since 2012.

A very stable financial situation enables us to look to the future with optimism and to rely on our financial reserves to fund our projects, of which the Clinical Leadership Academy is an excellent example.

The budget for 2020, submitted to the plenary, is identical to last year's, ensuring a positive end-result. The usual budget suits our needs well and we do not expect any major changes regarding our office and usual expenses in the next year. I invite you to kindly support this proposal.

Lastly, I would like to acknowledge all the hard work done by my predecessor that much facilitates the start of my mandate and, hopefully, paves the way to a very peaceful mandate in financial terms.
